*Greetings from the Honourable Margaret Best,  
Minister of Health Promotion and Sport*

## **Opening Launch – Sheatre Interactive Digital Film and Website**

**September 1, 2011**

On behalf of the Ministry of Health Promotion and Sport, I am pleased to greet everyone attending the official launch of Sheatre's interactive digital film and website.

I commend the Sheatre Educational Alternative Theatre for its continuing efforts to address community needs and interests in innovative and collaborative ways. By inspiring members of your community through the arts, you are contributing to our collective efforts to promote a healthier Ontario.

The ministry is pleased to have provided support for Sheatre's "Far From the Heart" project. This live theatre presentation, designed to promote awareness of dating violence and sexual assault and help young people to make healthy and positive choices, has made a significant contribution to the health of young people in your community.

Please accept my best wishes for a successful and memorable event, and thank you for all that you do to foster health and wellness among young people.
